TREASURES OUT OF DARKNESS

Treasures Revealed in Bogotá, Colombia

God is moving powerfully in Bogotá, Colombia. At the Children's Home, many have been given new hope. Children who once faced perils, starvation and death no longer have to tough it out living on the street. They have food, clothing, and shelter and they have opportunities to learn and thrive. In most cases, their parents, many addicted to drugs, are also finding help and are being restored through the Holy Spirit as they enter the Men and Women's Rehabilitation Homes. Thanks to the support of "United We Can", many of these children and young people are looking forward to bright futures within the Victory Outreach ministry.

TREASURES OUT OF DARKNESS

JUAN CARLOS GUERRERO (21)

Found inside an ATM, Juan Carlos arrived at the age of 8. Living on the streets he used marijuana and glue to stave off hunger. Juan Carlos has been in the ministry for 13 years, and is currently in the city of Medellin serving as a missionary. Juan Carlos is truly a “treasure out of darkness.” His goals include enrolling in the U.T.C. and to prepare to become an evangelist/ pastor.

BRYAN (18), ALFREDO (16) AND CESAR (14) BOSA

These three brothers are “treasures” who were abandoned by their mother, who was suffering from mental problems. After two years living on the streets using marijuana and glue and stealing, a family member brought them to the Victory Outreach Children’s Home six years ago. Today, they are studying and completing high school. Bryan and Cesar want to go to the U.T.C. and prepare for the ministry. Alfredo wants to be a Systems Engineer.

VICTOR CORDOBA (16)

Seven years ago, Victor came to the Children’s Home while at the same time his father entered the Men’s home. Victor is another true “treasure out of darkness” because before coming to Victory Outreach, his father used him to smuggle drugs; hiding them inside young Victor’s clothing. Victor was only 9. Now he’s studying and completing high school, and is part of the Victory Outreach G.A.N.G. Victor has plans to study graphic design, and his father is currently the Men’s Home Director.

BEKEN (14) AND ANA MARIA (12) FAJARDO

The Fajardo Family are all “treasures” who have been delivered out of darkness by the power of God. Beken and Ana Maria’s father was addicted to drugs and lost everything. While their mother wasn’t herself addicted, she entered the Women’s Home to support her husband who went to the Men’s Home, and the children went into the Children’s Home. Today, because of sponsorship from “United We Can”, Beken and Ana Maria are studying. Ana Maria aspires to become a Fashion Designer and Beken wants to attend the U.T.C. after he finishes High School. Their parents are leading others, serving as Men’s Home Directors.

YERALDIN (8), SARAI (7) AND DAVID (5)

Their mother was a drug dealer who was shot; five bullets entered her body paralyzing her from the waist down. It was then that she came to the Women’s Home and her children Yeraldin, Sarai, and David entered the Children’s Home. Through “United We Can”, these children have received food, clothing, an education and love. About a year ago, their father came to the Men’s Home and is being rehabilitated and restored with his family.

TATIANA (9) AND WENDY (10) TORRES

Six years ago, Tatiana and Wendy’s mother was a “jibara” (drug dealer). She fled to Bogotá to get away from the threats of the Guerilla. Her husband and son also fled, and when finally reunited together in Bogotá, the entire family came to Victory Outreach. Their father entered the men’s home, their mother the women’s home. Together with their brother, the girls are thriving in the Victory Outreach children’s home. Today they are a family restored by the power of Jesus Christ.
